📍 Gwalior, Madhya Pradesh

EDUCATION

Vellore Institute of Technology, Vellore

B.Tech in Computer Science and Engineering

SKILLS

Languages: Python, Java, C, C++, Javascript, HTML, CSS, SQL

Data Analysis & Visualization: Pandas, NumPy, Power BI, Excel, Plotly

Machine Learning: Scikit-learn, XGBoost, SHAP

Tools: Git, GitHub, Docker, GitHub Actions, MoEngage, Adjust

PROJECTS

ChurnGuard AI | Python, XGBoost, Scikit-learn, SHAP, Pandas, Docker, GitHub

- Developed an end-to-end churn prediction pipeline on 7,043 telecom customers using XGBoost + GridSearchCV, achieving 84.4% ROC-AUC and 79.7% Recall.
- Built a Natural Language-to-Analytics engine capable of analyzing 7,000+ customer records through plain-English queries and automatically generating visual insights.
- Architected a modular AI-powered analytics platform integrating churn prediction, customer segmentation, CLTV forecasting, and Explainable AI across 9 Python modules.

EXPERIENCE

Analytics Intern, NoBroker

May 2026-July 2026

- Created and optimized 15+ customer segments in MoEngage, enabling targeted campaign execution and improving audience personalization across multiple user cohorts.
- Developed 10+ analytics dashboards in MoEngage and Adjust, tracking key acquisition, engagement, and retention KPIs to support data-driven marketing decisions.
- Conducted CLTV (Customer Lifetime Value) analysis on 1,000+ user records and researched 5+ marketing automation workflows in MoEngage, identifying opportunities for improved user retention and lifecycle engagement.

SDE Intern, Voxvertex

April 2025-June 2025

- Developed a user-friendly mobile application using Flutter and Dart, improving UI responsiveness and navigation efficiency by 35% through optimized widget tree structure and state management.
- Analyzed and debugged application code to identify and resolve critical issues, reducing runtime errors by 40% and enhancing overall system stability.
- Enhanced and refactored existing software modules to improve functionality and performance, achieving a 25% increase in load speed and smoother user interactions across devices.

EXTRACURRICULAR

Co Secretary - Iothinc-VIT

Jan 2025-Jan 2026

- Coordinated event planning, cross-team communication, and official documentation, supporting the successful execution of technical workshops and club initiatives.
